Education

Ph. D. - Anthropology, State University of New York at Buffalo, 2001.
M. A. - Anthropology, State University of New York at Buffalo, 1994.
B. A. - Anthropology, State University of New York at Geneseo, 1986.

Employment History

September 2003 to present
Research Assistant Professor, Department of Anthropology, University at Buffalo

September 2001 to present
Director, PI, Archaeological Survey, Department of Anthropology, University at Buffalo:
Project Director and Principal Investigator for all archaeological contracts and projects performed by the Archaeological Survey. Responsibilities include all aspects of proposal preparation, client correspondence and interaction, budgeting, research design, fieldwork, analysis and report writing for all phases of historic and prehistoric archaeological investigation including reconnaissance surveys, site examinations and data recovery projects. The Director maintains a professional staff of archaeologists and historians who meet or exceed local, state and federal standards for performing cultural resource studies and facilitates communication between clients and review agencies throughout New York State. The Survey routinely works with the Department of Transportation, Office of Parks, Recreation and Historic Preservation, Department of Environmental Conservation, the New York State Museum and State Education Department, and the Seneca Nation of Indians Tribal Historic Preservation Office. Disseminates research results and other information to the academic community and general public by participating in regional professional conferences, public meetings and by providing research and educational opportunities.

May, 1996 – August, 2001
Assistant Director, Archaeological Survey, University at Buffalo: Assistant Director and acting Project Director for all archaeological contracts and projects administered by the Archaeological Survey, University at Buffalo. Responsibilities include all aspects of proposal preparation, correspondence, budgeting, research design, fieldwork, artifact analysis and report preparation for all levels of historic and prehistoric archaeological investigation including reconnaissance survey, site examination and large-scale data recovery projects. Shared responsibility for hiring and

training new personnel. Areas of expertise include lithic and ceramic analysis. Archaeological Survey Director and Principal Investigator: Elaine B. Herold, Ph. D.

July, 1988 - May 1996

Senior Research Support Specialist, Archaeological Survey, University at Buffalo: Served as field director, lab analyst, report writer and field assistant for various historic and prehistoric archaeological investigations. Focus on directing fieldwork and the analysis of chipped stone lithic material. Supervisor: Elaine B. Herold, Ph. D.

Teaching Experience

- 2004 APY 560 – Indians on New York State - Graduate Seminar dealing with current topics in historic and prehistoric Northeastern archaeology from a western New York perspective. Instructor, University at Buffalo, Department of Anthropology.
- 2003 APY 572 - Archaeology Today - Graduate Seminar dealing with current topics in Cultural Resource Management Archaeology. Instructor, University at Buffalo, Department of Anthropology.
- 1996 Summer Instructor, Team 2000, Buffalo Museum of Science. Teacher Education program involving 1 Week course for Buffalo city school teachers in archaeological field, lab and analysis methods.
- 1995 APY 332 - Archaeology of the American Southwest – 3.0 credit undergraduate course. Teaching Assistantship, Department of Anthropology, University at Buffalo, Spring Semester, Professor Ben A. Nelson.

“Gender-Divided Labor and Prehistoric Iroquoian Archaeology: An Ethnohistoric Approach to Material Culture Analysis.” Paper presented at the Third Annual Celebration of Research, Education and Scholarship on Women and Gender, Graduate Student Symposium on Gender, organized by the Institute for Research on Women and Gender (IREWG), University at Buffalo, March 25, 2000.

1997 “Problems with the Late Woodland Chronology of Western New York c. A. D. 900-1300.” Paper presented at the 1997 Joint Symposium of the Ontario Archaeological Society and the Midwest Archaeological Conference, North York, Ontario, Canada.

“Owasco Sites in western New York c. A. D. 1000-1300: Were they migrants or locals?” Paper presented at the 37th Annual Meeting of the Northeastern Anthropological Association, Montebello, Quebec, Canada, April 11-13, 1997.

1994 “Gender, Mobility and Subsistence in Iroquois Prehistory: An Ethnohistorical Approach to Archaeological Interpretation.” Paper presented at the Annual Meetings of the Northeastern Anthropological Association, Geneseo, New York, April 1994. Symposium entitled “Iroquoian Archaeology and Ethnohistory.”

1993 “The Brompton 2 Site: A Prehistoric Iroquoian Chert Quarry and Camp Site.” Paper Presented at the Annual Meeting of the New York State Archaeological Association, Niagara Falls, New York.

Conferences and Symposia Organized

1994 “Iroquoian Archaeology and Ethnohistory.” A seven-member symposium held at the 34th Annual Meetings of the Northeastern Anthropological Association, Geneseo, New York. Duties included inviting appropriate presentations, scheduling and moderating the symposium with co-organizer Patrick Crowe.

1994 Sixth Annual “Workshops in Archaeometry” hosted by the Archaeometry Research Graduate Group, University at Buffalo. Presentations by researchers from the US and Canada described current archaeometric methods and analysis results. Responsibilities included speaker invitation and transportation and accommodation arrangements, funding acquisition, event publicity, meal coordination, chairing and scheduling the sessions, and creating a conference booklet for all attendees.

1993 Fifth Annual “Workshops in Archaeometry” hosted by the Archaeometry Research Graduate Group of the University at Buffalo. Presentations by researchers from the US and Canada described current archaeometric methods and analysis results. Responsibilities included speaker invitation and transportation and accommodation arrangements, funding acquisition, event publicity, meal coordination, chairing and scheduling the sessions, and creating a conference booklet for all attendees.

Internships, Public Outreach and Community Education Program Participation

- 2004 Hull House Archaeology Project, sponsored by the Landmark Society of the Niagara Frontier, Dr. Robert Shibley, President.
Amherst Summer Archaeology Program, Amherst Museum, July 2004.
- 2002 Participation in the District School Board of Niagara, Ontario, Canada, Co-operative Education Program. 240 hours of internship/learning programs employing student from Fort Erie Secondary School interested in archaeology as a career.
- 2002-1997 Annual participation in Environmental Education Field Days at Royalton Ravine Park, Gasport, New York- Archaeology in Western New York Learning Station. Sponsored by the Niagara County Soil and Water Conservation District, this program is designed for 5th and 6th graders from throughout Niagara County. They visit various environmental learning stations set-up in the park for this two-day event.
- 2001 Slide presentation describing job opportunities in archaeology at Benjamin Franklin Middle School, Kenmore, New York, in conjunction with 'Careers for the Millenium.' The first annual career day event for 7th Grade students was designed to provide access to a wide variety of career choices. March 2, 2001.
- 2000 Slide and artifact presentations at Gasport Elementary School, Gasport, New York, in conjunction with the 4th Grade social studies unit dealing with local Native American Groups. October 6, 2000.
- 1999 Action Learning Internship Program sponsored by Erie 1 Board of Cooperative Educational Services (BOCES) in conjunction with component Erie County School Districts. Designed an archaeology internship program and sponsored Clarence High School student Joseph McGreevy. Met for 8 hours a week, 20 weeks. Program designed to provide high school seniors with experience in a career area they may pursue.

Organization Membership

- 2005 New York Archaeological Council Board Member
2001 Register of Professional Archaeologists
2000 New York State Archaeological Association
1998 New York Archaeological Council
1993 Society for American Archaeology
